Mendocino Coast Botanical Gardens partners with the Arts Council of Mendocino County to present a biennial exhibition of sculptures placed throughout the Gardens.

Drawing upon the wealth of regional artistic talent, the Sculpture Gallery primarily features the work of California artists.

The Gardens' mission is to engage and enrich lives by displaying and conserving plants in harmony with our Northern California coastal ecosystems and to preserve public access to the coast.

This 47-acre botanical gem hosts an astonishing array of natural beauty with manicured gardens, fern-ringed ponds, coastal pine forests, and wildflower-strewn bluffs. Mendocino Coast Botanical Gardens welcomes visitors to experience the rugged beauty of the coast mixed with the peaceful tranquility of this garden by the sea.
