

MENDOCINO COAST
BOTANICAL GARDENS

Gopher and Mole Control

SATURDAY, FEBRUARY 6th • 10:00am to 12:00pm
in the GARDENS MEETING ROOM with ADAM STRUPP

Would you like to rid your yard of pesky burrowing rodents?

This workshop will explore the life-cycle of gophers and moles, signs of activity, different types of traps, and proven methods of control. Local gopher and mole expert Adam Strupp will demonstrate how to abolish those plant-pilfering pests keeping your lawn and garden gorgeous.

Adam Strupp has coached Lacrosse on the fields in Mendocino for the past 20 years. He has eradicated more than 300 gophers and moles from those fields in the past two of years.

**\$20 non-members; \$10 members and Master Gardeners
Includes Gardens admission for the day!**

Class size is limited; sign up by phoning in your payment at 707 964-4352 ext. 16 or stop by The Garden Store at MCBG.
